Subject: Internship Inquiry: Summer 2026 --Abhijay Joshi--Computer Science

Dear [Coordinator's Name],

My name is Abhijay Joshi, and I am currently a 1st Year student pursuing a degree in CSE Core at VIT Bhopal University. I am writing to express my strong interest in a summer internship opportunity with DraftKings.

I have been following DraftKings' work in sports data analytics, and I am particularly impressed by your approach to using real-time player tracking data to predict injury risks. As a Computer Science student with a strong foundation in Python and a passion for data-driven storytelling, I believe I could contribute effectively to your team while gaining valuable industry experience.

I have attached my resume and a link to my GitHub profile for your review. I would welcome the opportunity to discuss how my skills might align with your upcoming summer projects.

Thank you for your time and consideration.

Sincerely,

Abhijay Joshi
